

## THE NEW MEN GO IN.

Installation of the Recently Elected Members of the Council.

## COUNCILMAN FELLOWS IS HONORED.

He is Made President of the Council for the Ensuing Year—Business Transacted.

The exit of the old city council and the formation of a new one, was the order of business at the adjourned meeting of the city legislators last night. The old council ceased to exist by adjourning sine die, and the new council composed of those elected last Tuesday and the members whose terms remain unexpired, form the new council. There is only one change made by the new order of things. The seat of Albert Earnest, Democrat of the Second ward, is occupied by W. C. Stephenson, Republican. With all due respect to Mr. Earnest, who is as good a man as the Democrats could have found, the change is probably not one for the worse.

The ostensible purpose for which the council held a meeting last night was to canvass the result of the municipal election held last Tuesday. The clerical work of the canvass was performed by Mr. Holman, Mr. Stevens and Mr. Griggs. It was merely a formality to guard against any mistakes or errors. No change was made in the result from the vote published several days ago. The result of the election was approved by the council and the report with a lengthy table showing both the male and female vote in each precinct for each candidate, was placed on file with it.

After this the successful candidates for councilmen were sworn by the city clerk to support the constitution of the United States, the constitution of the state of Kansas and the ordinances of Topeka. Those sworn in were W. C. Stephenson, E. B. Bradford, S. Etlinger, James Burgess and J. T. Fulton. They all agreed to the terms named by Clerk McFadden. Mr. Pattison of the First ward was absent. Then the old council adjourned sine die, and the new council convened. It was then that Albert Earnest, the lone Democrat of the council, vacated his seat which he has occupied so long and faithfully. Mr. Earnest always took good care of the interests of his ward. He left the seat as gracefully as possible, stroking his whiskers which he has vowed not to shave off until he is re-elected to the city council. He took a chair by the stove and realized that he was a private citizen. Mr. Stephenson took his chair.

After the council meeting Mr. Earnest thanked Mayor Harrison and each of the councilmen individually, with some degree of feeling, for the kindness and courtesy they as members of the council have always extended him.

Councilman Charles A. Fellows was elected president of the city council for the ensuing year, on motion of Mr. Etlinger, the outgoing president. Mr. Fellows was elected unanimously.

It was the general feeling that the 4th ward was entitled to the office, and Mr. Fellows is a good presiding officer. In recognition of this honor Mr. Fellows bought a box of ten cigars and distributed them among those present. The same rules that the council followed last year were adopted to govern the proceedings of the council for the ensuing year.

**Other Matters.** The petition of W. D. Disbrow, F. E. Sheard and ten others, for a walk on Western avenue from Third street to Scott street, was referred to the committee on streets and walks.

An ordinance was passed appropriating \$187 to pay the judges and clerks of the last election.

The petition of T. W. Howard, the agent of Willie Sells' "great syndicate show," for a free permit to show in Topeka, was recommended favorably by the license committee, and the report was adopted. The permission is granted however, with the understanding that the circus wagons will keep off the brick-paved streets, and use only the asphalt or dirt streets. The council decided that the circus wagons were too hard on the brick pavement. This seems to be a great vindication for the asphalt as against the brick.

The bond of city scavenger, M. E. Lowe, in the sum of \$1,000, was approved. The sureties are H. Holcroft, John Armstrong, John A. Bidwell and W. A. DeMoss.

Mr. Griggs recommended that an extra cable be purchased for the city dump, which was agreed to. The sum of \$425 was appropriated for the first payment on the dump. The ways and means committee was authorized to prepare an ordinance regulating the use of the dump.

On motion of Mr. Bradford the street commissioner was ordered to make no further grades or other improvements causing a large expenditure, except by direction of the mayor and council. Mr. Bradford said the city was liable to run out of cash before July and desperate efforts are needed to keep down expenses.

By a resolution from Mr. Fellows the city clerk was ordered to advertise again for bids for the construction of sewer No. 16. The clerk advertised several weeks ago, but not one bid was received.

The council adjourned without date. All members were present except Mr. Pattison.

John Jordan, an aged colored man, appeared at the police station this morning and swore to a complaint against Berry Elder, also colored, of North Topeka. Jordan says that Elder came and disturbed a meeting at the colored Methodist church in North Topeka by swearing and using abusive language.

## SOCIAL AND PERSONAL.

Items of Interest About Topeka People and Visitors in Town.

Mrs. R. H. Gaw was a most entertaining hostess this afternoon to twenty of those who were invited to a party given by F. L. Soper's particular friends, and when the cards of invitation were received bearing Mrs. Gaw's name and "Historical Julia, Mrs. Soper's benefit," it piqued their curiosity somewhat. When the guests arrived they were ushered into the library and after some preliminary conversation were treated to a very interesting sketch of the Julias of history, which the hostess read and interspersed with famous quotations. The first was the Julia of Rome, and the customs of that time with her manner of dress and a description of her marriage were graphically given. Next came Julia de Hotel de Rambouillet, who was wooed for twelve years before consenting to be married. The reason for this was that she found life in the famous salon among such brilliant men and women, too sweet to exchange for proxy marriage, but she was at last won when her lover presented her with an album containing thirty-nine stanzas, each stanza being composed by a different celebrity of the time, with a flower for each one. The album is still in existence and the verse under the violet is often quoted.

Another Julia, famous for nothing in particular, except that a poem was written on her death, from which the following lines are quoted: "A rose she lived, and as the roses, but the time of a morning." The sketch was interwoven with many humorous situations, and was most interesting to the guests, not only for the application to Mrs. Soper's name but for its literary merit. The ladies spent much of the afternoon on the lawn, the warmth and sunshine proving very alluring, and indoors bright hued carnations, and roses gave a breath of spring there as well. The delectable luncheon was served as a conclusion to the afternoon's pleasures.

Mrs. L. Gandy planned and executed a surprise on her husband Thursday evening in honor of his thirty-sixth birthday. The neighborhood friends and members of the lodges to which he belongs were included, and a very pleasant evening was spent. The children entertained the company with songs and recitations and a nice supper was served in the dining room. Mr. Chas. Cramer presented the host with a gold pen and holder in behalf of the company which included Messrs. and Mesdames Mayhall, O. H. Coulter, Barrett, Dennison, Vall, Saxon, McAllister, Kennedy, Barnard, Dones, Smith, Dinehue, Cramer, C. L. ## A GRAND DISCOVERY.

Late News From Europe Upon a Subject of Wide-Spread Interest.

## LONG LIFE AND HAPPINESS.

A Declaration Made by the Great Doctor Fothergill for the Benefit of the People of the World Has Aroused Much Attention.

LONDON, Eng., March 31.—The following statement made by the late Dr. J. Milner Fothergill, the eminent scientist, who was physician for the London Hospital, for diseases of the chest, has made quite a sensation. After denouncing oils and similar substances when used as food, he said: "Fatty, oily foods cannot be taken by those whose stomachs are weak or whose digestive organs are out of order. What food should such people have? I say they need food which acts as a strengthener and sustainer, as fuel to feed the lamp of life, and that is starch food which will be readily assimilated by the digestive organs is the food for people whose digestive organs are weak."

It was only natural that such a statement coming from so high an authority should have made a profound impression among the leading physicians and scientists of Europe, and it brings into special prominence the recent discovery of predigested starch food known to doctors, to scientists and the world as Paskola. Comparatively few people outside the highest medical circles know of this wonderful discovery, but it is known to possess the qualities of flesh-forming, strength-imparting, life-giving power which has never been known before in the history of the world.

Tests which have been made showing a weak, pale, run-down condition, accompanied with indigestion and general loss of energy, have shown most remarkable results, and it is not improbable that the discovery of Paskola will be accepted as the flesh-forming food of the nineteenth century by the highest authorities in both Europe and America. Certainly, it is superseding cod liver oils, beef tea, and the fatty preparations which have been used so extensively in the past, and the results so far achieved amply warrant the wisdom of those who have taken such action.

A pamphlet giving full particulars respecting Paskola will be sent on application to the Pre-Digested Food Co., 30 Reade St., N. Y. City.

## A CHARMING CONCERT

Given by Mrs. C. S. Gled and Prof. Leib For Ingleside.

The concert given last evening by Prof. W. H. Leib, of Kansas City, and Mrs. Chas. S. Gled, for the benefit of Ingleside, was a most enjoyable one in every particular.

Although it began to rain about the time the people were ready to go to the concert, there was a good attendance.

There were about 875 present, and those who did attend felt amply repaid. Prof. Leib opened the programme with that sweet song by Tourni, entitled: "Because of Thee." Prof. Leib has a high tenor voice of great effectiveness, and he sings with much expression. He created a most favorable impression.

Mrs. C. S. Gled, who needs no introduction to the Topeka audience, then played the "Scherzo in E flat," by Brahms, and "Lorelei" by Seeling, in a thoroughly masterful manner. Her execution was faultless, and she played with artistic expression.

The next was the piano piece of the evening. It was Beethoven's sonata, "Appassionata," from opus 57.

It is a magnificent solo and Mrs. Gled showed herself to be a master of it.

It consisted of the four movements: Allegro assai, andante con moto, allegro ma non troppo, presto. She played Schubert's serenade for an encore. Prof. Leib's next number was the recitative from Handel's oratorio of Jephthah: "Deeper and Deeper Still," and the aria, "Veni, Veni, Adieu."

This is a highly classical piece and is very difficult, but it was rendered in an easy and pleasing manner. He received a hearty encore and responded with a humorous song, which was very catchy. So well pleased was the audience that he was again called out and sang "Little Boy Blue." The lovers of Chopin's compositions were given a treat as Mrs. Gled then played the following of Chopin's pieces: Impromptu in G flat, opus 31, Waltz, opus 70, No. 1, Nocturne in G minor, opus 37, and Ballade in A flat, opus 47.

The closing number on the programme was the sacred solo, "Easter Song," by Sheppard. In this song, Prof. Leib showed the full power of his voice. He sang it in an unexcelled manner, and after he had finished, he was called back. At the close of the "Appassionata" by Mrs. Gled, James Moore appeared on the stage and presented Mrs. Gled with a handsome bouquet of roses.
